Re: Information about the Pacific coast of Tohoku Earthquake and Measure taken at Waseda University

The recent news about the Pacific coast of Tohoku Earthquake is widely broadcasted.

It is very important to stay calm and take action in an appropriate manner.

Thank you for your cooperation.

For the information about the measure taken at the university against the earthquake, please check the following URL.

Waseda University <http://www.waseda.jp/eng/news10/eq.html>

Also, especially international students, please check the information about the earthquake and the measure taken at the university on the following URL.

Waseda University, CIE <http://www.waseda.jp/cie/index-e.html>

---Grade Announcement---

Grade report will become available from 14:00, March 18 (Fri) for those who have not received the final result on their graduation or remain after March. Grades can be checked by:

1. Logging onto Waseda-net portal, and clicking on [Classes and Course], then [Grade Report].
2. Picking up your grade report at the GITS Office

\* Official Transcript will also become available through automated certificate-issuing machines from 14:00 on March 18 as well.

---Commencement---

All the commencement ceremonies at Waseda University have been cancelled. Details about the schedule of the upcoming semester will be announced as soon as they are decided.

Graduating students will be informed later of the procedure to receive their diploma.

---Contact Information of the GITS Office---

Since the GITS Honjo Office is affected by the planned power outage, please contact the GITS Waseda Liaison Office while Honjo Office is disconnected.
